

Innovation through experience

BoxPos

for Hospitality and Retailing

BoxPos is ideal for locations where counter space is limited and the working environment makes it sensible to situate the PC away from the serving area.

The remarkably small but powerful PC box has a rugged, die-cast aluminium housing and an easily removable hard drive for low-cost maintenance.

Connected to the stylish touch screen - also housed in die-cast aluminium - this modular system is practical, reliable and economical.

- Excellent connectivity for peripherals
- Low voltage and fanless for silent operation and cool running
- Modular construction makes your system highly flexible

Specifications

Model	BoxPos
Platform	VIA CX700M / ITE IT8712
Processor	VIA Eden (V4 Bus) series processors up to 1Ghz with FSB 400
System Memory	512Mb standard, maximum 1GB (1 x 200-pin DDR SO-DIMM)
Touch LCD Display	
Size / Resolution	15" TFT LCD / 1024 x 768
Brightness	400 cd/M ²
Touch Screen	Fujitsu 4-wire Resistive
I/O Connectivity
