The smart choice for bars, restaurants, pubs, clubs and fast food

- *Elegant low profile*
- *Fast, silent printing*
- *2-sided alphanumeric display*
- *58 mm alphanumeric receipt and audit*

**SMART SYSTEMS THAT DO MORE – COST LESS
GELLER ELECTRONIC CASH REGISTER TERMINALS**

At the hospitality point of service since 1957

SX-590 – the Hospitality ECR Terminal that does so much more than you would expect

As standard, SX-590 has Big System features at the price of a basic ECR.

if you choose to add Geller back office software, either now or as your business grows, SX-590 becomes an EPOS terminal.

Displays:

The 10 digit alphanumeric front and rear displays describe all items by name and give user-friendly prompts to servers to ease and speed service. The rear display can be raised and rotated to the best viewing position.

Design your own Keyboard:

The 'soft' keyboard enables you or your dealer to customise the 173-position flat, spill-resistant keyboard by putting any function in any button position to give you exactly the features and layout that suits your business.

Drop and Load Silent Printer:

The SX-590's noiseless 16 digit alphanumeric printer operates at 13 lines per second. The hi-tech 'drop and load' mechanism with separate 58 mm thermal receipt and audit rolls, simplifies and speeds paper roll changes and eliminates paper jams. There is no ribbon to replace or fade, so receipts of the same exceptional clarity are produced every time. Your company logo or special design can be printed on each receipt.

Powerful Management Reporting:

A choice of twelve management reports provides the information you need to control your business. Eight Display Only reports (flash reporting) are also available.

Some of the many important features:

- Auto timed Server Hold for 5 servers (5 Servers can use the SX-590 at the same time)
- Up to 4 scrolling messages display promotions or information to your customers between sales. Messages are programmed to change automatically. E.g. 'Sunday lunch – children half price', 'Happy Hour 6.30 – 7.30 pm'.
- Up to 8,000 Price Look Ups
- Easy name/price change
- Fast Tendering (£5,£10,£20,£50)
- Up to 40 Servers by ID number
- Training Mode for new staff
- Half Pint and Doubles
- Foreign currencies
- Age verification feature
- Space saving design with option of remote cash drawer
- Two RS-232 communication ports for programming the SX-590 and/or linking to back office PC and scanner

A few security features:

- Compulsory Server ID
- Cash Lift Alarm warns when money in drawer reaches a pre-programmed amount
- Drawer Open Alarm by programmed time delay
- Compulsory Closed Drawer
- Password Protection for X and Z reports
- Management control for security sensitive operations
