

Soldi 600

fast and assured
checks 4 currencies
with update function

Soldi 600

Professional banknote detector

The Soldi 600 guarantees you an assured counterfeit detection for 4 different currencies. In addition, the Soldi 600 is equipped with an update cable, so that you can also assuredly protect yourself from counterfeit money in the future. Through the software updates, you have the opportunity to update the device with the latest software at any time. The most common

currencies (Euro/Pound Sterling/US Dollar/Swiss Francs) are programmed into this device.

Through the flexible ejection of banknotes (front or back), the Soldi 600 can be used anywhere in a space-saving manner. The Soldi 600 normally operates on mains power, but is additionally equipped with a rechargeable battery for mobile use. When counterfeit money is identified, the red light flashes and a signal tones.
