Partner Tech POS
hardware solution

Peripherals: Completing the Partner Tech POS hardware solution

With Partner Tech's range of versatile peripherals you can easily complete your POS solution. The cash drawers are hard wearing and functional in design with secure locks. The Customer Displays can optionally draw power from a host system, making it independent of a separate power supply unit. Available in black and light grey and with adjustable height, the customer display units can be matched to the requirements of any working environment.
