elepos Touch Retail

Software to Help Manage Your Retail Business

elePOS Touch Retail Software package will work with all Windows based hardware. The software is ideally designed to be used with a touch screen system but can be used with a Mouse and Keyboard.

You will need to send in your hardware for it to be installed and fully tested. If you have purchased the hardware and software from us this will be done at the time. Alternatively you may require booking an onsite installation which will incur a charge.

This software is ideally suited for any cash handling business such as; convenience store, off-licence, newsagents, pharmacy, and has all the normal functions one would expect from an EPOS package with integrated back office. Additional functions are available upon request.

Offer Management:

- Multi buy Discounts with Date Ranges
- BOGOF Promotions with Date Ranges
- Fixed Price Promotions with Date Ranges
- Multi buy Lowest price free with Date Ranges
- Mix & Match

Inventory Management:

- Stock Adjustment
- Stock Take
- Min Stock Settings
- Purchase order
- Re-order Report
- Stock by Supplier

Minimum System Requirements:

Win XP, 512MB Ram, 20GB HDD, 1.5 GHz Proc, 15" Screen Only.

Combination of 3x USB/RS-232/RJ-45 Ports for Printer, Scanner, Display. Depending on Requirement.
